

30 YEARS

METRO On The Move

Celebrate 30+ years of Metro Inclusive Health! It's been a while since our last major event, so we're coming back bigger and better!

From humble beginnings providing HIV Case Management from the basement of a local community church in 1992 to providing over 100 services and programs at four locations with an ambitious expansion in the works.

Join us for a colorful evening celebrating the long-term success of METRO's mission in Tampa Bay and the steadfast leadership of retiring CEO, Lorraine Langlois.

Dress to impress in your most colorful cocktail attire for an evening including entertainment, ceremony and fully catered sit-down dinner.

BE A PART OF OUR EXPANSION!

Based on patient growth data, we're transforming from four locations to eight as Metro Inclusive Health returns to its roots of putting community healthcare back into more communities.

In 2021 and 2022, METRO experienced massive growth with patients traveling from all corners of Tampa Bay for access to truly inclusive LGBTQ focused-care. Over the next 12 months, we're embarking on an ambitious data-driven plan to redistribute the St. Pete and Tampa health centers over six full-service satellites identified as high need and high demand. This will greatly expand our footprint from four locations to eight in Tampa, St. Pete and Brandon.
